PRODUCT STORY

Bask in the moonlight and come alive at midnight! Let your bronzing fantasies become reality and experience the dark color of nightfall with the Twilight Bronzing Blend for gorgeous, flawless legs. Bare all as the Shave Minimizing Blend and Inspired Toning Technology deliver smooth, sculpted legs you'll love to show off. It's the bronzing hour. Step out of the shadows and let your radiance shine brighter than the moonlight with Midnight Muse!

COLOR TECHNOLOGY

Twilight Bronzing Blend: This midnight inspired blend features a mixture of DHA, Erythrulose, Wild Indigo Extract and Caramel. DHA builds gorgeous, gradual color while Erythrulose helps ensure streak free, flawless results. Wild Indigo, known for its vivid deep color, combines with Caramel to provide legs with brilliant, instant bronze color.

Mineral Magnificence: Features Zinc that helps boost skin's ability to create Melanin. Found in sea salt, Zinc is a critical component to the DOPAchrome enzyme, which also plays a major role in Melanin production. Mineral Magnificence fortifies skin to support bronzing activity.

SKINCARE TECHNOLOGY

Shave Minimizing Blend: Designed to help reduce the frequency of shaving using a combination of Gymnema Sylvestre, White Willow Bark and moisturizing factors. This uniquely combined blend is known to slow hair growth while leaving legs soft and smooth to the touch.

Inspired Toning Technology: Contains a powerful blend of Caffeine and Allantoin to promote healthy, smooth looking skin. Caffeine works to help support and maintain skin tonicity for a sculpted look. Allantoin, known to be an effective skin protectant, helps to promote smooth skin for a flawless appearance.

Beauty Balm: Luxurious blend of Emollients that cover the top layer of skin, allowing it to naturally rehydrate and provide all day moisturization. This balm supplies a smoothing effect, leaving skin soft with a supple, radiant glow.

AVAILABLE SIZES

3oz Tube

ADDITIONAL INFORMATION

Specially designed for hard to tan areas, Midnight Muse contains a powerful blend of gradual and instant bronzers for tanners who want bronzed, beautiful looking legs.
