SKINCARE TECHNOLOGY

Sugar Plum Cookie Mixture: Sugarcane is believed to be a rich source of phenolic compounds, such as phenolic acids and flavonoids, which can help maintain general skin health to support a more youthful complexion. Plums are an excellent source of Vitamins A, C and K, which help support skin's rejuvenation for smooth and toned skin. Vanilla has aromatherapeutic properties to help with feelings of relaxation, while making skin soft and supple to the touch.

Pure Hemp Seed Oil: Provides supreme hydration with a highly evolved balance of essential fatty and amino acids.

Mild Cleansing Formula: Gently cleanses without drying while helping to moisturize and hydrate.

Glycerin: Water binding agent that helps to protect and seal moisture to the skin for longer lasting color.
