PRODUCT STORY

Transform your skin for a gorgeous tan! Supercharged with powerful bronzers, 45X Infinite Bronzing Blend will leave you with instant and delayed color results for a tan that will evolve your confidence. The Butterfly Effect is an elegant blend of skin-enhancing ingredients for a healthier, timeless appearance. Lasting Tattoo Protection keeps your ink vibrant and helps prevent fading using natural botanical extracts. Feel the butterflies for Eternity!

COLOR TECHNOLOGY

45X Infinite Bronzing Blend: Uses cool-toned Natural Bronzers to provide instant transformation while DHA supplies beautiful, long-lasting color development.

SKINCARE TECHNOLOGY

Butterfly Effect: Sericoside is an active ingredient that has demonstrated a way to help rejuvenate skin by boosting collagen production and repairing skin texture. Antioxidant powerhouses, Vitamin E and Blue Tea combine for anti-aging benefits and soothes irritated skin.

Hyaluronic Acidx3: Provides multi-level skin support. Using three types of Hyaluronic Acid weights, it synergistically delivers breath-taking benefits to the skin for a supple appearance and endless hydration.

Lasting Tattoo Protection: Designed to help naturally protect tattoos with botanical extracts selected for their antioxidant properties that can protect tattoos from fading.

Sweet Nectar: Blends with high-end Silicones that have been balanced perfectly for your skin. Achieve a silky soft feel that melts into your skin while also adding a layer of protection to help keep hydration in and harmful aggressors out.
